The screenshot shows a live surgery interface. At the top, there's a header with the title "Radical Lobectomy". Below the header is a participant list with five users: Hiba, Brad Cope, Richard Wu, Kira Yoush, and Maria H. A large video window in the center displays the surgical procedure. To the right of the video is a sidebar with a "Participants" section and a "Chat" section. The chat log includes messages from Brad Cope, Richard Wu, Kira Yoush, and Brad Cope again. A large red play button is overlaid on the video feed.
